

MEDIA RELEASE

23. November 2017

Letter to EU officials to support all packaging to be separately collected for increased recycling

Düsseldorf, Germany - The European Aluminium Foil Association (EAFA) co-signs, with five other leading packaging and material associations, a high-level letter to urge the European Commission and Council of the European Union to support the European Parliament's call to amend the Packaging and Packaging Waste Directive (PPWD) with a requirement for all packaging material to be separately collected. A prime objective is to ensure that all packaging materials contribute to the ambitious recycling targets of the Waste Framework Directive (WFD) for a more circular economy.

[See the original letter here.](#)

The signatories and supporters of this letter include:

- The Alliance for Beverage Cartons and the Environment (ACE)
- European Aluminium
- European Aluminium Foil Association (EAFA)
- The European Federation of Corrugated Board Manufacturers (FEFCO)
- Flexible Packaging Europe (FPE)
- PlasticsEurope

The European Aluminium Foil Association is the international body representing companies engaged in the rolling and rewinding of alufoil and in the manufacture of aluminium closures, alufoil semi-rigid containers and of all kind of flexible packaging. Its more than 100 members include companies in Western, Central and Eastern Europe.
